No substitution of dogs will be allowed.

Important Notes:

Tri-State Dog Obedience Club highly recommends that all exhibitors become familiar with the rules for UKC Nosework trials. The complete rule book is available to download from the UKC website www.ukcdogs.com. The Rule Book was revised as of October 2021; please review.

More Important Notes:

These are indoor/outdoor trials.

Food will not be provided. Please bring your own food as well as water for your dog(s).

There is Off Street parking for this event.

There is an area to exercise your dog. Please stay within that area and use trash cans provided for cleanup.

Please plan to work your dog out of your car. There is no indoor crating. Competitors should expect to keep their dogs confined in a crate or vehicle when not competing. Competitors should plan to provide their own shade using canopies or shade cloths.

While at the Trial grounds please keep your dog on a 6' leash when not competing. Longer lines and flexi leashes may be used only during a search. Dogs should be walked and kept 8 to 10 feet apart. A Nosework Trial is not an activity where dogs should socialize.

UKC does not recognize Red Bandanas for reactive dogs. Each dog owner is responsible for keeping a comfortable distance between their dog and other dogs at all times.

Move ups will be accepted between Trial One and Trial Two if needed.

Trials are limited to 100 runs per day. If we receive over 100 runs for any day in the pre-entries, we will establish a waitlist in the order in which the pre-entries were received.

A photographer may be at the Trial.

General Information for filling in the entry forms

A and B Sections – Exhibitors must specify on the entry form if they are going to compete in the A or B for each Element. Both sections will have the exact same search. **If not indicated on the form, the entry will be placed in the B Section.**

The “A” Section. This section is open to all dogs that have not earned a title in the class they are entering or an equivalent title in another organization. The exhibitor must own the dog entered or be a member of the owner’s household or immediate family. Once the dog has earned the title in that class, they may no longer compete in the “A” section of that class but may continue to compete in the “A” section of any other class they do not hold a title for. No licensed or professional Nosework/K9 Detection instructor, regardless of the person’s status as an amateur or professional, may compete in this section. No person licensed to officiate Nosework in UKC or any other organization may compete in this section.

The “B” Section. Any dog or handler is eligible to compete in B section of a class. Dog and handler teams may continue to compete in this section indefinitely. The exhibitor does not need to own the dog entered.

Please direct any questions regarding whether you should compete in A or B to the UKC. Trial Secretary is not responsible for your entry in the correct Section.

Entry Forms:

The official UKC Nosework Trial Entry form MUST be used for all entries. Please remember to sign and date.

Use a separate entry form for each dog you wish to enter. Pre-entries will be accepted as of May 2, 2026, and postmarked no later than May 23, 2026.

Exhibitors may handle only one dog in each class. An exhibitor may enter more than one dog in the same class if a separate handler is provided for each dog. Exhibitors may enter and handle more than one dog per trial provided the additional dog(s) are entered in a different class.

Mail entries with a check and forms to:

Chrisanne Cubby, Trial Secretary, 104 Pear LN, Milford, PA 18337. Please make checks payable to "TSDOC."

Please inform the Trial Secretary if you anticipate earning any titles at the trials and if you are willing to volunteer for any elements you are not entered in. Please complete form and mail with your entry (see last page).

For your planning purposes: Please check your records at UKC BEFORE entering/attending the trial. You need TWO (2) passes in an element to receive the element title. You need 3 passes in Handler Discrimination in order to receive a title. If you pass all four elements (container, interior, vehicle, exterior) in a level they equate to a Level Title - Novice Nosework, Advanced Nosework, etc.
